## REVITALIZE & SHINE WITH ORGANIX

*Organix Introduces NEW Moroccan Argan Oil Products*

Singapore, November 2012 – Rejuvenate hair and amp up shine the way nature intended with 4 new products to the best-selling **Organix Renewing Moroccan Argan Oil Collection**. The **Light Oil, Extra Strength Oil, Weightless Healing Oil and Blow Out Cream** contains a nourishing and beautifully scented blend of organic active ingredients, which imparts brilliant sheen and natural elasticity to hair while conditioning and repairing past damage.

The moisturizing formula includes fair trade argan oil, a powerful antioxidant that is rich in vitamins to instantly penetrate the hair shaft restoring shine while strengthening and increasing hair's elasticity. Derived from the southwest region of Morocco, the argan oil also protects from UV damage while creating soft, silky perfection. Fair trade argan oil used in the Organix formula is extracted using a cold-pressed method, so oil is not heated over a certain temperature during processing.
