RéVive[™] - For Your Skin's Revival

Singapore, May 2013 - RéVive[™] is a luxury skincare brand created by a leading plastic surgeon, Dr. Gregory Bays Brown. Dr. Brown formulates RéVive products with Renewal Epidermal Science (RES) Technology which includes patented, Nobel Prize winning, and bioengineered ingredients that help regenerate the appearance of youthful skin. RES ingredients make RéVive products the perfect skincare brand for pre and post cosmetic procedures.

ReVive Intensite Crème Lustre: \$520

Powered by RES and Firming Enzymes, this intensive firming moisturizer helps increase elasticity and reduces the appearance of sagging skin. Gently exfoliates while light prisms help mask imperfections to unveil a vibrant layer of skin. Skin is strengthened for a firmer, brighter look.

RESULTS: This action packed intensive moisturizer firms and strengthens the skin and helps the appearance of sagging skin and fine lines.

SKIN TYPE: Dry to very dry skin, with loss of elasticity.

RÉVIVE INTENSITÉ[™] COLLECTION products are available exclusively at Sccube the Apothecary (Tel: 6738 4909 Address: #05-25A Ngee Ann City)
