**CLARKS' GRAPHIC PACK FEATURES STRIKING ORIGINAL  
DETAILS AND ICONIC SILHOUETTES**

*Clarks launches its Autumn/Winter 2016 Collection for women*

SINGAPORE, 15 AUGUST 2016 – Complementing this season's colour palette, CLARKS' Autumn/Winter collection has something for everyone. Tailored classics and modern silhouettes appear alongside minimalist sportswear-inspired sneakers. A foot shaped fit originating from a hand-carved last and distinctive prints on suede and snakeskin effect leather create a collection of wardrobe essentials crafted in the highest quality materials.

Continuing with the athleisure movement, Clarks delivers unique styles that express our forward thinking. Inspired by our crafted innovation, Trigenic Flex, Clarks presents an AW collection that delivers form and function.

The Trigenic sole, which enhances your natural movement, has been applied to new sneaker profiles. Futuristic constructions and the most up to date technical fabrics have been used. All shoes are notably soft with minimal interiors and materials yet feature an exceptional attention to detail and a crafted aesthetic.

**CLARKS Autumn/Winter 2016 Collection “GRAPHIC PACK” series**

Updated in a unique black and white print for Autumn/Winter, the CLARKS Desert Boot, Wallabee® Boot and Trigenic Flex make a subtle statement whilst ensuring optimum fit and comfort.

Trigenic Flex \$269

Desert Boot \$269

Wallabee Boot \$269
